- News Reports Release

coincides with UBIQ 10th anniversary, in order to celebrate, the brand has also come to New Balance cooperation, and its classic 574 as the design blueprint, you can come to enjoy it! Personally, I feel pretty good. The design is relatively simple, with smooth leather suede collocation, the route is to rely on the texture to win, but the most notable is the N word LOGO, orange with black shoes, a combination of colors such as collocation is very comfortable? Needless to say, whether you are with jeans or pants, cloth should be able to handle the vast all-match is a single product. Shoes will be on sale in November 10th, like friends may wish to pay attention to it! By the way, I almost forgot to make up one. This time, UBIQ's hat is not bad. They can match each other.
